

Newsletter No. 2 of May 2016

STAMM in Rome (Sept. 5-9, 2016)

Dear Colleagues,

the organization of the STAMM is progressing. Updated information can be found at the URL

<http://www.mat.univie.ac.at/~stefanelli/stamm16.html>

As we already pointed out, this time the STAMM will have the format of a joint venture ISIMM - INdAM (INdAM stands for Istituto Nazionale di Alta Matematica). It will be held at the INdAM headquarters, at the Città Universitaria of Rome.

Registration for this workshop is free.

The conference room is not very large, and we have to fix in advance the number of participants. At this moment we still have some limited places at disposal. Intended participants may register by writing to

ulisse.stefanelli@univie.ac.at

and will receive an immediate confirmation.

With our best wishes,

Augusto Visintin and Ulisse Stefanelli

(president and secretary-treasurer for the period 2013-2016)
