

ISIMM 1977

# ISIMM Newsletter

May 2018

**STAMM 2018.** The webpage of the conference (24-27 June 2018) is available at the following [link](#)<sup>1</sup>. A registration form will be available on the webpage until the **4th June 2018**. The ISIMM general assembly shall take place on Tuesday 26 in the late afternoon, after the last talk. We shall discuss, among other things, a possible reorganisation of ISIMM prizes.

**ISIMM Junior Prize.** There have been four nominees for the ISIMM Junior Prize: Dr. Bilen Emek Abali (Technische Universität Berlin), Dr. Andrii Khrabustovskyi (Graz University of Technology), Dr. Matthias Liero (Weierstraß-Institut für Angewandte Analysis und Stochastik, Berlin), Dr. Apala Majumdar (University of Bath). All candidates were highly qualified and suitable for the prize. Following ISIMM's rules, the selection of the winner was made by the Executive Committee through a poll. Eventually, the majority of votes went to Dr. Matthias Liero, whom we are glad to announce as the recipient of the 2018 ISIMM Junior Prize.

**New members.** We are glad to announce that *Prof. Pasquale Ciarletta* (Politecnico di Milano) joined the ISIMM Society.

With our best wishes,

Giuseppe Saccomandi (President)

Giuseppe Tomassetti (Secretary-Treasurer)
